

Volvo Australia Truck Sales Bulletin

No. H730514-1

To All Volvo Truck Salesmen

PRICE LISTS

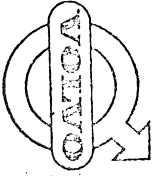

A current price list suitable for inclusion in your sales handbook is printed on the reverse side. By cutting out, folding down the centre and piercing to suit the handbook clasp it will be found adequate to assist you in your day-to-day operations.

Reproductions on colour paper and suitable for issue to your clients are available free of charge on request to the undersigned. Your dealership's name can be reproduced in lieu of Volvo Australia if a blank letterhead page is supplied to us.

This price list introduces a new series of Volvo Truck Sales Bulletins which we suggest are filed for reference in future. A binder with all current instructions and policies will be issued soon.

A handwritten signature in cursive script, appearing to read 'I. R. McCroon'.
